Helping Small and Medium-sized businesses with Security, Productivity and Cost concerns.

Sales

Problem

A medium-sized company discovered that they suffered from too many, disparate Sales systems. Some of the systems used were ACT, Citrix, Ad Sync, Impoze, Adobe, Quark Express and CDC. They systems were difficult to maintain and harder to link together. They lacked System Integration.

Solution

ACS researched and interviewed third-party vendors. Microsoft CRM, Sale Logic, ACT and AdSync were selected and implemented.

Results

System Integration was achieved. The Sales department was thrilled with the results as were the IT department.
